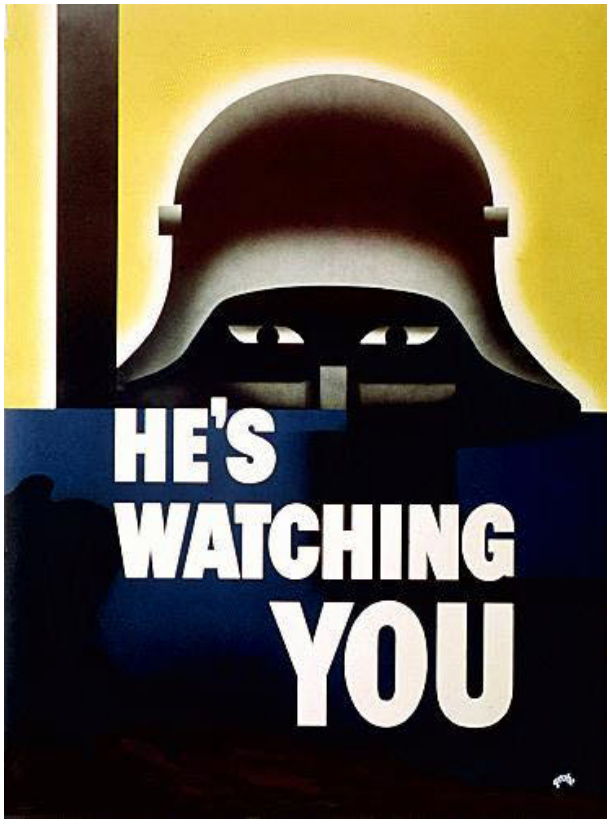
Corrections:



#1: Last week's cover failed to list the artist and year of creation. For the record, the poster was made in 1942 by Glenn Grothe.

51AT ⟶ 52AT

#2: Due to a computational error caused by our incense clocks and coupled with having to deal with beings unused to linear time, our year was off by one. No, we won't explain it any more than that. Suffice it to say that our monk, Greg, has been hunched over his abacus for weeks now, and thinks he has it all sorted out.

This mistake applies to all previous releases of Hell's Kitchen 5xAT. To rectify the error, we are offering the Hell's Kitchen 52AT Upgrade Kit for $5. Consisting of a date modification cylinder and a tome of detailed instructions, it's guaranteed to fix the problem. Note: HK 52AT Upgrade is only compatible with paper running HK 50 and 51 and is not to be used on HK AD, HK n.d.z, or any earlier releases.
