Hell's Kitchen

Hell's Kitchen (hĕls kĭch′ən). *n.* Hell's Kitchen is not, despite its contiguous-paper appearance, a single publication. Hell's Kitchen is a rapidly expanding federation of like-minded groups of students and alumni that want to express themselves. The primary purpose of Hell's Kitchen, in its role as a purveyor of information, is to expose ideas to a reading public clearly and interestingly. This task is completed by the individual publications within Hell's Kitchen in a variety of ways including poetry, illustrations, satire, prose, news, critiques, maps, diagrams, and even mail-in campaigns. Each separate publication group defines its own schedule, its own style, its own rules, but each group agrees to become part of the larger coalition known as Hell's Kitchen.
