Neighborhood Watch

-by Igor Polotai

Welcome back to Neighborhood Watch, keeping you informed about the happenings at RIT. We're here to provide you with all the latest happenings at RIT, good, bad, and weird.

So, what happened recently? We had a slew of monster related events happen across RIT. First, after an intense weeklong hunt, the Molestabear was finally caught. Mohammad S. Akbari, a thirty three year old resident of Rochester, was arrested while wearing a \$65 bear mascot costume from Target. He was charged with forcible touching. Several people had interactions with him, noting the creepy and personal questions he asked. This is now the fourth bear related RIT incident that has happened, so perhaps we should investigate if we accidentally have some garbage whose scent is attracting them.

Another thing that happened on October 30th at 2:14PM in the SHED Atrium was the Minion Flash Mob. Twenty four minions wasted about twenty minutes of Campo's life that they will never get back. They were expecting a minion riot, but the most we did was go up to the fourth floor of Wallace to really puzzle a classroom. Gru never showed up, and neither did the person who organized the flash mob (at least, no one stepped forward and claimed to be responsible. For all we know, they could have been hidden among us, clad in yellow and denim).

Finally, as part as my ongoing effort to experience as much RIT student culture as I can before I graduate, and to get through my bucket list, I attended my first ever drag show, RIT Drag Club's Monster Lovers Halloween Show. For three dollars, it was a great show. It's a shame that there are so many people who are so transphobic that they will never get to just throw back and enjoy a night of sexy werewolves and bunnies. Your loss.

Until next week, stay safe, and live on, Locker Dog. Live on.

GDT's Pumpkin Pie Recipe

-from the kitchen of Titty Cocker

Servings: 8 | Prep Time: 1 Hour

Ingredients

3.14159... eggs	3 tablespoons orange peel, ground
1 store-bought graham cracker crust	Another pumpkin pie (follow this recipe, including this ingredient) as garnish
1 homemade oreo crust on top	THE CUBE FROM BEFORE TIME BEGAN
1 tablespoon flour	17 pounds Milkweed Fluff
1 tablespoons corn starch	2 stone, Powder Creatine
2 tablespoons nutmeg	Even more pumpkin
1 tsp vanilla extract	Cement + orange food dye (for "festive spirit")
More pumpkin	Orthodontist mold
11 store bought pumpkin pies from Costco	Eye of newt
2 cups escargot (with shells—for texture!)	

Preparation

Mix all ingredients together until they form a non-Newtonian fluid. Slap it to make sure—with your hand!

Go outside to the nearest grill station. Place pie face down on grill for 2 hours for a smoky flavor.

Mix all the ingredients that haven't been used.

Vacuum seal the ingredients.

Add the razors you were *going* to put in the apples, but they got wormy.

Fluoridate to taste or until kidney failure.

Fuck it, even more pumpkins.

If you still have some, take the Costco pies out of their containers to claim them as your own, because what the FUCK was that shit that you just made. Godspeed. ☺️ 📈

Real results, from our Head Daemon Chef!*

Apple butter on the left.

Critics rate it as "5/5 stars," "6/5 stars," and "7/5 stars."
